BRITISH AND FRENCH OFFENSIVES AGAIN IN FULL SWING MARKED PROGRESS--TEUTONS FORCED BACK AT ALL POINTS

Attacks Made In Belgium Near Ypres by French.

Big Gains Made by The British Near Lens.

All Counter Attacks Repulsed and Opposition to Advance is Beaten Down.

By Associated Press Dispatch.
In three sectors of the Franco-Belgian front the French and British have won new successes in their offensives which are once more in full swing.

Attacks were made in Belgium near Ypres by the French, and on the Aisne front and near Dixmude in Belgium.

The ground won by the British attack in yesterday's fighting near Lens, including the highly important hill No. 70 was held in the face of all German counter attacks.

While the British were consolidating their new territory near Lens and defending it against German efforts to retrieve their losses, they struck another blow about 30 miles further north on a wide front, east and north of Ypres.

The official report from London gives few details of the battle but says progress is being made.

Paris reports that on the road between the towns of Steenstaete and Dixmude, eight miles apart, all objectives were gained and a crossing of the Steenbeke river was forced.

The French and British are making further progress on the right bank of the Steenbeke river.

POLES RESENT IMPRISONMENT OF CHIEFTAIN

(Associated Press Cable.)
Amsterdam, August 16.—The Kreutzberg reproduces an appeal to the Poles by the Polish peoples party exhorting them to cease all relations with Austro-German occupying forces and to support Brigadier General Pilsudski, who was arrested by the Germans while trying to escape from Poland on a false passport, is released.

The appeal says: "We will not tolerate the imprisonment of the intruder fighter for freedom."
Efforts have been made to procure the release of Brigadier General Pilsudski. A request recently of the Polish counsel of state that he be released was refused by General von Bessler, governor general of German-occupied territory in Russia.
General von Bessler accused him of organizing a move against Germany.

LET "GERMANS SIGHTED!" BE SOUNDED;
NAVY ALWAYS READY TO MEET THEM

BUSY DAYS ON AMERICAN WARSHIPS

This photograph, taken very recently and given out for publication by the committee on public information in Washington and copyrighted by the committee, shows a group of sailor men on 1 of the navy's largest vessels swabbing out a gun of a secondary battery after firing in target practice. The public is assured by the department that the navy is being kept up to the top notch of efficiency and preparedness, ready to give a good account of itself whenever it may meet the Teutons.

NATION TO DEAL SEVERELY WITH I. W. W. TRAITORS

Department of Justice Officials State They Are Prepared to Handle Agitators.

By Associated Press Dispatch.
Washington, August 16.—The Department of Justice, it was stated today, is prepared to deal swiftly and severely with activities in the north-west of the I. W. W. insofar as they relate to the stoppage or curtailment of production in industries whose continuation is deemed essential to the prosecution of the war.

Any action, it was said, which would tend to retard the harvest, production of spruce lumber for airplanes, or to curtail the production of minerals needed to carry on the war will be met by prosecution for conspiracy against persons responsible for the movement.

Department officials here knew several days ago of the impending demand of the I. W. W. in Washington, Oregon, Idaho and Montana. Full details of the demands were in the hands of the Department 48 hours before they were announced yesterday by Jas. Rowan, district secretary of the I. W. W. at Spokane.
Department officials have been advised of an attempt by I. W. W. sympathizers to destroy the reserve supply of spruce timber in the north-west. This alleged attempt has been frustrated.

The activities of the I. W. W. are regarded by officials as a political, rather than a labor movement. District attorneys have been instructed to inquire into the purposes of calling strikes and to ascertain if called to embarrass the government in the production of necessary materials, or other causes.

NO ANSWER TO PROPOSAL OF THE POPE

Secretary Lansing Says He Has No Further Information.

By Associated Press Dispatch.
Washington, August 15.—Secretary Lansing said today he had received no further information of the Pope's peace proposals other than what he

had read. It may come to Ambassador Page in London or the British Ambassador here.
Diplomats believe there will be no reply for sometime. It is pointed out that President Wilson has the task of not refusing to discuss the proposals and not make a reply out of harmony with statements already made by statesmen of England and France.
The question of the return to Germany of her lost colonies, particularly in the far east, is regarded as not so important as has been believed. They do not think that the loss of German holdings in China would make much difference. The neutrals think the stumbling block would come over Alsace-Lorraine.

U. S. MEN WOUNDED

(Associated Press Cable.)
London, August 16.—According to seemingly authentic news, wounded American soldiers from the Western front have just arrived at the hospital at Bath.

NO OFFICIAL INFORMATION

By Associated Press Dispatch.
Washington, August 16.—Neither the War Department nor Navy Department has any information on the reported wounding of American soldiers on the Western front. Prompt official announcement is promised when information is received, provided compatible with military interests.

THE PREMIER OF BRITAIN OPTIMISTIC

Lloyd George Discloses Shrinkage in U Boat Toll and Increase in Crops.

(Associated Press Cable.)
London, August 16.—Premier Lloyd George speaking in the House of Commons today said that at this time last year the wheat in England amounted to 6,480,000 quarters and now that it is 8,500,000 quarters. The sugar reserve, he said, was greater than last year.

The stock of oats and barley, he declared, also was higher. A quarter is 480 pounds.

Mr. Lloyd George said the acreage under cultivation was 1,000,000 greater than last year, and food supply conditions were very satisfactory.

The British premier said also that in April 560,000 gross tons of shipping was lost through Teutonic submarines. In July the tonnage dropped to 320,000 tons. This month there was a substantial decrease.

The net losses since the beginning of the unrestricted submarine warfare averaged 250,000 tons a month.

TRADING SUSPENDED.
New York, August 16.—Acting on the suggestion of Herbert C. Hoover of the food administration the New York Coffee and Sugar Exchange announced today it had suspended all trading in sugar futures on the exchange until further notice.

TO ADVERTISE BOND ISSUE

By Associated Press Dispatch.
Washington, August 16.—A detailed plan for advertising the next issue of liberty loan bonds in newspapers and other mediums of publicity to cost from \$1,000,000 to \$2,000,000 and to be paid for by the government was presented today to Secretary McAdoo by the National Advertising Advisory Board with the recommendation for adoption.

THE PLAN

On the basis of an expenditure of \$1,000,000 the following distribution of the fund was suggested:
Daily, monthly and weekly newspapers, including those printed in foreign languages, \$700,000; farm papers \$100,000; small town dailies and weeklies, \$100,000; printing posters, circulars, etc., \$100,000.

Grand Jury Begins Examination Of Men Accused of Draft Grafting

The federal grand jury in New York began an investigation of the charges against Louis I. Cherey, the druggist who was the chairman, and Dr. Samuel J. Bernfeld, who was one of the medical members of local exemption board 99. They are accused of conspiracy "to make false statements and certifications as to the fitness and liability of those who came before them" for examination. Kalman Gruher, who admits he "distributed exemption blanks to various men in district 99" is also being investigated.

Several men, all of the New York east side section over which the accused board members had jurisdiction, were examined by the grand jury. It was admitted that "more than two" of these witnesses stated that they had purchased their exemption in District 99.
Cherey, Bernfeld and Gruher, after two nights and a day in the Tombs, were released in \$5,000 bail each.
No. 1—Gruher trying to evade camera lens.
No. 2—Mrs. Cherey, who is fighting hard for her husband.
No. 3—Dr. Bernfeld.

COMPLETE PLANS REORGANIZING ARMY DISCLOSED IN ORDERS

By Associated Press Dispatch.
Washington, August 16.—The complete plans of reorganization of the army is disclosed in general orders made public today prescribing formation of all units.
The composition of each division on the European standard is prescribed and provision is made for organization of all additional troops into training battalions of 812 men to be used in any way found necessary.
National Guard divisions will be numbered from 25 to 76 inclusive. National army divisions will number from 76.

Today's order provides for organizations of 16 national army divisions, designated from the 76th to the 91st inclusive, and succeeding divisions will be numbered in order after them. All divisions will be infantry divisions composed of a division headquarters detachment; one machine gun battalion of four companies; two infantry brigades of two regiments and a machine gun battalion of three companies each; one field artillery brigade of three regiments and a trench mortar battery each. One engineer regiment, one field signal battalion, one headquarters train, one ammunition train. One engineer train without pontoon and searchlight sections; one supply train and one sanitary train of four sealed hospitals and four ambulance companies.

CHINA GETS BUSY

Shanghai, Aug. 16.—Three Austrian merchantmen interned in the harbor have been taken over by Chinese naval forces. The ships were undamaged and no resistance was offered. The German and Austrian ships now taken over have an aggregate tonnage of 15,000.

THURSDAY'S CROWD AT FAIR IS PLACED AT 10,000 MARK

Weather Ideal and Patrons Delighted With Seventeenth Annual Agriculture Fair—Racing Splendid—Big Grounds Covered With Automobiles—Some of the Awards.

The high tide of the Seventeenth Annual Fayette County Fair was reached Thursday afternoon when a crowd estimated at fully 10,000 people thronged the grounds and enjoyed to the limit the varied amusements and attractions, giving careful attention to the exhibits of all kinds and renewed acquaintances and friendships of former years.

As usual Thursday's big crowd began pouring through the gates at an early hour, great numbers bringing their dinners and enjoying the repast picnic-fashion. The art hall, horticultural hall, poultry, swine, cattle and other departments each came in for their share of attention, and the exhibits of the boys' and girls' clubs attracted particular attention among city folks and country folks, old and young.

The racing Thursday afternoon started off in good shape with almost a record breaking number of entries, including a great many that were really worth while.

The big crowd was handled in excellent shape, and no serious accidents occurred.

Agricultural Hall

The Agricultural department, in charge of Supt. Dave Hegler, is presenting a splendid array of Fayette's farm products.

There is an unusually large display of grains of excellent quality and some wonderful specimens of vegetables and fruits.

The Sprenger display occupies its usual front entrance position and attracts immediate attention. The display is not only large and complete, showing fine products; it is also striking and effectively gotten up. In the center is a cleverly designed harvest scene, with painted background and real shocks of wheat.

The Springdale farms are making a very elaborate display, put on by Benick Allen and Doster.

An over hanging canopy of corn, a genuine old home rail fence in the fore ground and a huge center arch, emblematic in suggestion are features of an exhibit which shows that every farm product is successfully grown at Springdale farms.

The 4 Granges vie with each other in tastefully arranged exhibits with patriotic trimmings and there is much interest in the winner.

Art Hall

The Art Hall, under the competent management of Miss Forest Allen, of Milledgeville, has drawn the usual number of visitors and deserve recognition in the extent quality and beauty of its exhibits.

There are many new ideas in needle work and embroidery, in a great variety of fancy articles, and in the display of hand painted china, oil, water colors, charcoal sketches, pencil drawings, hammered copper, and leather work.

Some beautiful quilts and bed spreads are shown.

The entire display is most tastefully arranged and well classified.

Miss Allen was assisted in this by Mrs. W. D. Turner (nee Flora Allen) formerly Supt., Mrs. Orris McGinnis, Mrs. E. Von Barger, of Sidney, did the judging.

The floral display in the center drew much favorable criticism. Mrs. Howard Engle, who won first prize in potted plants, had a most unusual display to having been brought from a private home. The display of cut flower first prize winner shown by Mrs. F. M. McCoy was greatly admired and displayed sixty-five varieties of flowers. Mrs. W. Devaney won 1st in effective designing.

The County W. C. T. U. made an excellent exhibit in charge of Mrs. John Van Gundy. Their posters were in evidence all over the grounds.

C. H. Moore also had an exhibit of Stoves, Furniture and Grafanolas.

Home Making Exhibit

The Home Making Exhibit in charge of Miss Maude Cox, county leader, assisted by Mrs. Bernice Allen, Mrs. Ruby Morgan, Misses Hattie Pinkerton and Grace Post is well worth seeing and is one of the recent new interests of the Fair.

It is in two divisions—clothing and food.

This year the Clothing Club took up the study of cotton and each member made for the exhibit a set, consisting of dress, cap, apron and laundry bag. They also added to these sets note books telling the story of cotton through the stages of its growth and processes and of their own work.

There were 20 girls and their 20 exhibits are remarkably well done.

The Food Club took up the conserving and preserving of foods. There are also 20 exhibits and exhibitors in this. Each one contains 3 cans of vegetables; 3 cans of fruit; 2

glasses of jelly; 1 glass of preserves; 1 glass conserves; 1 loaf bread, and also a note book with story of study and work accomplished.

The canned products of the girls look very inviting and prove these young club members have made a good start in an important branch of housekeeping.

POULTRY AWARDS

The following awards were made in the poultry department of the Boys' and Girls' Poultry Club:

First, Floyd Kyle; second, John Dean; third, Willard Engle; fourth, Oren Patton; fifth, Beota Haines; sixth, Vivian Everhart; seventh, Ruth Russell; 8th, Dan Stuckey; ninth, Maryvth Bonham; tenth, Nellie Louise Taylor.

Mr. M. C. Kilpatrick, of the O. S. U., who came down from Columbus to take charge of the show, pronounced it the most satisfactory that he had found this season, both in the conscientious work of the club members and in the results obtained.

WEDNESDAY'S RACES

Wednesday's races were above the average in interest, and a source of delight to all. The only thing that marred the afternoon's racing card was a bad mix-up in the third heat of the 2:25 pace in which four drivers figured, and one man, C. A. Newell, driving Lassie Pointer, was severely injured and narrowly escaped death in a spectacular plunge through the air and falling face down 15 feet ahead of his horse.

The spill was due to a bad break on the part of Teddy McKinney, owned and driven by George Weaver. When the animal swerved sharply to one side when about 50 yards from the wire.

When the animal swerved the sulky of Pilot Prince, driven by Swisshelm, struck the Teddy McKinney sulky and Swisshelm was hurled to the track, but escaped injury, while his horse continued on around the track.

Hallie G's sulky next figured in the spill and the driver got a bad fall but was not badly hurt.

Newell, driving Lassie Pointer was immediately behind the spill and there was no way to save himself, so that when his animal struck the mass it went down and Newell was catapulted through the air and in falling his chin struck a sulky, laying his chin open to the bone. He was picked up in an unconscious condition, and when a physician arrived it was discovered that one bone of his left wrist had been fractured, his arm badly sprained; chin gashed so that five stitches were required to close the gaping wound, and other minor injuries. Steve Phillips drove the animal the remainder of the race.

SUCCESSFUL BARBER RELATES EXPERIENCE

There is an article in the August American Magazine in which a writer tells about a barber who has retired with \$300,000. Here is part of it:

"One man," says Hysler, "kept looking at the barber who was working on him, and finally he called me over and asked if the man was dumb. He had come from the West, and could not understand the silence. It made him nervous, he said."

"Another point in Hysler's success was that his barbers were not allowed to urge shampoos or massages on patrons. Hysler believes that men know what they want when they enter a shop. He also cut out all talk of hair restorers or dying of the hair. He does not believe in either."

"The way to succeed in the barber shop," he says, "is to see that every man is suited. Too much care cannot be given to courtesy and cleanliness. A clean shop attracts and invites customers, and they are satisfied when they leave."

SON IS DROWNED IN ALASKAN STREAM

Mr. W. D. Blakemore of this city has received a telegram announcing the death of his son, Mr. Milo Blakemore, which occurred in Alaska and was due to drowning.

The unfortunate man was married only a few months ago, and had taken his bride to Alaska, where he was engaged in business.

The body will be shipped to Bedford, Iowa, the former home of Mr. Blakemore, where interment will be made.

ENGINEERS WORKING ON SEWAGE DISPOSAL FOR CAMP SHERMAN

Chillicothe, O., August 16.—The engineering force is concentrating on the most important work at present at Camp Sherman. This is the sewage problem. Besides the careful instructions which must be followed, orders for speed in the work have been given.

Every possible means is being taken to have the sewage disposal plant completed by the time troops arrive. At present this is one-third completed, which shows that very little has been done except the excavating.

The large trench diggers are being used in excavating for the laying of the pipes. On the high land excavating to the depth of nineteen feet is necessary while on the low land only a depth of five feet is necessary. These pipes will be laid south along the B. & O. tracks and will extend to the channel of the river below the pump-station. The liquid from the sewage will be run through these pipes. The sewerage is liquidized by a chemical process in large settling tanks. These tanks are kept perfectly dark and it is by this that all germs in the liquid are killed as they must have light for existence. By this process the liquid which will flow into the river will be clear. It will be carried in iron pipes in the river from the pump station to a point below Hickory street before discharging.

AUTOMOBILE RACES AT CAPITAL CITY

One day ahead of the opening of the Ohio State Fair or on Sunday, August 26th, there will occur in Columbus on the Driving Park's famous mile track the Autumn Derby at one hundred miles.

Into this auto race will go the world's best drivers over dirt courses on which the hazards are far greater than on the few speedways of the country. This meet will be managed by the Columbus Motor Racing Board, the state fair officials having no connection with it.

NOW RESURFACING THE DEVALON ROAD

The work of resurfacing the Devalon road was started Thursday. A tar and gravel binder will be placed on the road making it much smoother and lasting. Mark & VanGundy have the contract.

The road will not be closed while the work is under way.

Poetry For Today

NOCTURNE.

The sweet day sinks into repose.
The hour is pensive, dusk descends
The flowers their weary eyelids close.
The song of many a robin ends;
The sward with gracious dew is wet.
The twilight star in purple glows—
In lavender and violet,
Dream thou until the darkness goes!

Moonlight; silence; unclouded skies;
Fragrance from unseen flowers;
Fireflies;
One cricket heard; no leaf astir—
And lo, a loving worshiper!
For all the beauty felt and seen.
Within her temple, Thought serene,
In adoration, humbly prays
The incense on her altar blaze!

Like some bowed crone that dreams
Of times
Forever gone, and, weak of sight,
Forlorn, plods home, the old moon
climbs
The shadow-haunted range of night.
Musing of those imperial hours
When she was huntress, young and
strong:
When Hesper glowed, and all the
bowers
Of Hellas woke to joyful song!

The "Rainbow Division."

When Company M early Monday morning, just as the old home town was taking up the work of another week, marched quietly, dignifiedly and capably through the streets, inspiring the home folks with their confidence and their ability, we couldn't help believing that the Fourth Ohio made up of companies like that, was going to be heard from soon and said so too.

Few of us, proud as we were and are of "The Fourth" and company M, thought that recognition of worth and assignment to important posts would come so soon as it has.

The Fourth Ohio has been chosen as one of the finest, most efficient military organization in the United States. It is to be one of the guard units selected from twenty-six states to compose the "Rainbow Division" and will go practically at once to France.

Mobilization of these premier guard units at an eastern seaport is now well under way and, within eleven days, it is estimated, the gallant Fourth Ohio to be known from this time on as the 166th will be on its way to France.

It's a great honor to be chosen to go as a part of the new division—the division which is the forerunner of the great armies of civilization the needed help, the certainty of success which will forever make another deluge of war impossible as God's rainbow in the east promises security against another flood.

We knew that our pride in the Fourth would soon soften the sorrow so keen at parting.

It Is Up to You

The fate of the Welfare Association hangs in the balance. Whether it is the many calls of the past season or whether it is merely lack of knowledge of the tottering condition of the organization, of such inestimable benefit to Washington, the fact remains that the parting of the ways has been reached unless people are willing to come forward quickly and generously.

Never since its first establishment has the existence of the Welfare Association been as precarious. Last week found the treasury bereft of all but 13 cents! When this became known a few, unfortunately a very few, responded with generous checks, but there must be general response from the public at large or this organization which has done such splendid work for practical philanthropy and the bettering of health and moral conditions, will be lost to the community.

It is a possibility which deserves the serious attention of every man and woman. After so much of practical accomplishment, through the efforts of the public health nurse and the Welfare Association, to let every thing slip back into the wretched conditions which were formerly prevalent, is certainly not the wish of the good people of our city.

The Welfare Association and the nurse do not make it possible for the man of the house to sit idly by while his family receives care. On the contrary jobs have been found for shiftless men and they have been made to take them—homes have been made livable through the suggestions of the nurse; the sick and dying cared for; babies saved from blindness and older children brought under much needed control.

The Public Health Nurse, much as she does for the unfortunate, is also at the disposal of those able to pay and a number of paying cases have been put into Miss Ballard's hands by physicians during the past few weeks. The money earned goes directly into the treasury of the Welfare Association to be used for current expenses.

There are many times when sudden illness or accident makes vitally important to the town an easily accessible Public Health Nurse. Many are just beginning to realize that this nurse is available wherever needed and at reasonable prices within the means of those who employ her.

More than ever before, with conditions changed by the war we are now entering, will the nurse and the Welfare Association be needed this winter.

This is a home call—great as are the outside calls and most worthy, this is the one paramount call of our own city for its benefit, future welfare and protection. People are not so hard up that they cannot contribute to the Welfare, especially when the results are either directly or indirectly beneficial to every person in the community.

They have responded splendidly to every call. They will undoubtedly rise to the saving of the Welfare Association. A small sum from every one would save the day. Peonage will have to respond at once or the Association and the nurse will be a thing of the past.

HAMILTON LABOR STRIKE ANNOYS COX

Governor Says Labor Disturbances There Are About as Numerous as Mexican Revolutions.

by Associated Press Dispatch.

Columbus, O., August 16.—Asserting that labor strikes at Hamilton seem to be as endless as Mexican revolutions, Governor Cox today declared the "state is ready to exercise every ounce of strength it possesses to better industrial conditions in that city."

"In the Hamilton case," says the Governor's statement, "I have asked the Attorney General to form an opinion as to how far the rights of the state extend. It would appear that respect for law has suffered a considerable diminution. Charges are made and denied that local officers pay no attention to the most flagrant breach of peace."

More people every day are finding derailed want adds superior.

Falls From Scaffold.

Toledo, Aug. 16.—James Stearns, twenty-eight, building contractor of Jamestown, Pa., was killed when he fell from a scaffold of a new factory building at Woodville.

Canal Bank Breaks.

Cincinnati, Aug. 16.—Mystery surrounds the breaking of one of the banks of the Miami and Erie canal at St. Bernard, flooding truck gardens and homes and doing much damage. Opening of the floodgates at Lockland checked the rush of waters.

Cut in Milk Prices.

Cleveland, Aug. 16.—Cleveland restaurants have agreed to reduce the price of milk to 5 or 6 cents a half-pint bottle. Milk dealers have agreed to reduce the wholesale price to restaurants from 4 to 2½ cents for a half-pint bottle. Most restaurants raised the price of milk from 5 cents to 10 cents Aug. 1, after dealers increased the wholesale price from 3 cents to 4 cents.

Crowder's Suggestion.

Columbus, Aug. 16.—Curtalement of the liquor traffic by local orders on draft army mobilization days would be a "real service to the nation," says Provost Marshal General Crowder in a letter to Governor Cox. Steps should be taken in every community, also to give the departing soldiers an expression of honor and appreciation which they deserve from their neighbors, Crowder says.

Seek Beal Option Election.

Columbus, Aug. 16.—Democratic Dry Federation leaders indicated they would seek to interest the newly-enfranchised women of Columbus in a movement to vote the city dry. W. P. Halenamp, secretary of the federation, said a Beal option election was contemplated before November. However, City Attorney Scarlett expressed the opinion that women can't vote in wet and dry elections, since the latter are governed by state laws, not by charter provisions.

Bride Attempts Suicide.

Columbus, Aug. 16.—An army marriage of ten days ago came to a tragic finale when Mrs. Emil Bergdahl, twenty-eight, took a heavy dose of strychnine and was removed to St. Francis hospital. Bergdahl is a sergeant in the army medical service, stationed at Columbus barracks hospital, and his wife was a Red Cross nurse. Two letters, without envelopes, found on the woman's dresser disclosed unhappiness of the honeymoon, thought to be accountable for her act.

DISORDERS IN FINLAND

(Associated Press Cable.)

Helsingfors, Finland, August 16.—Disorders occasioned by the scarcity of food have led to a cabinet crisis. The senators have requested the Governor General to transmit their resignation.

The Governor General has asked M. Tokol, vice president of the Department of Economics and former president of the Diet, to form a socialist cabinet. He has accepted. A general strike has been declared.

U. S. TROOPS IN LONDON

(By American Press)

London, Aug. 16.—American troops were received by Ambassador Page and later by King George at Buckingham palace. Great crowds lined the streets, which were decorated profusely with American and British flags. Enthusiasm was shown everywhere. The Americans were cheered by civilians, by soldiers on their way to the front and by wounded men. The troops were escorted by guard bands.

EMMELINE IS PINCHED

(Associated Press Cable)

London, August 16.—A dispatch to the Exchange Telegraph from Melbourne says that Mrs. Emmeline Pankhurst, the suffragette, while attempting to make a speech at Adelaide fought the police and was arrested. Assemblies in parliament precincts are prohibited.

Although the dispatches do not mention it, the supposition is that the Queen of Greece abdicated, too.—Kansas City Times.

VARDAMAN BREAKS OUT IN NEW SPOT

Denounces War As Quarrel Between Rulers Instigated by Commercial Interests.

by Associated Press Dispatch.

Washington, August 16.—Senator Vardaman, speaking in the Senate today, denounced the war as a quarrel between rulers instigated by "commercial handits" and a reproach to "Christian civilization." He also denounced the draft and declared President Wilson made a mistake when he called the negro to arms.

"I maintain compulsory military training will leave a problem in this country more difficult of solution; more disastrous, I fear, in consequence than the sudden emancipation of slaves a half century ago," he said.

"I believe the preserving of a free government in America will be about as difficult a problem after the war as to overcome our chief antagonist—Germany—now."

The speech was delivered in support of Senator Sherman's resolution for congressional investigation of the recent St. Louis race riots.

FUNERAL SERVICES FOR BALLOONIST STONE

Funeral service for Charles Stone, the balloonist from Kansas City who met death at Williamsport were held at Williamsport from the undertaking parlors of funeral director C. E. Held, Thursday afternoon at one o'clock. Rev. Clifford conducting the services.

The father, brother and wife of the unfortunate man came from Cincinnati and a large number from the surrounding neighborhood joined in extending deepest sympathy.

The deceased also leaves a wife and two daughters.

Interment was made in the Williamsport cemetery.

DENIED A WRIT

(By American Press)

Cleveland, Aug. 16.—John Hackenberg of Akron, member of the Ohio national guard, was denied a writ of habeas corpus by Federal Judge Westenhaver. Hackenberg sought release on the ground that he is an Austrian and was under age when he enlisted in the Ohio national guard. He refused to be mustered in for war against Germany.

\$8,000,000 IS TO BE COST OF CANTONMENT

Nearly 8000 Men at Work on Camp Sherman Today—Third Regiment Band Welcome Addition to Camp

Chillicothe, August 16.—(Special)—With 2,000 soldiers on the ground to do guard duty, and between 7,000 and 8,000 men at work Camp Sherman is now the busiest place since the work started.

Announcement was made today that when completed the camp will represent an outlay of \$8,000,000.

The new road has been completed northwest of the camp, and it is now possible to view the camp from that point. The Clarksburg pike will be closed from 7:00 p. m. until 6 a. m., and no vehicles can pass over it between these hours.

The work of constructing a new reservoir of 100,000 gallons is to be started this week.

The Third Regiment Band is a welcome addition to the camp.

People all over Ohio are urged to send papers and magazines to Burton E. Stevenson, for the soldiers.

BIG TRACTOR DEMONSTRATION

An all-day educational farm tractor demonstration will be given at Marion under the auspices of the Marion County Improvement Association on August 22. Between 15 and 20 different makes of tractors will be presented. Farmers from all over the state are expected to attend.

In the morning private demonstrations will be given. In the afternoon at 1:30 public plowing demonstrations will be held. All the exhibitors will start at the same time and plow tracts of the same size. The plowing will be done to the same depth and the same fuel will be used. It is not intended that the exhibition will be a contest and no awards will be offered.

BUSINESS PLACES CLOSE FOR FAIR

The banks and a great many business places, following the usual custom, closed Thursday afternoon so that all employees might go to the fair—and they went—along with the thousands of others who were bent on enjoying the fair.

Part of the afternoon the uptown district was very quiet, and the automobiles ready to haul persons to and from the grounds were virtually the only vehicles except those of belated parties on their way to the fair.

NAMES WRITTEN IN AVAILD LITTLE AT THE RECENT PRIMARY

Of all the candidates whose names were written in at the recent primary, except those of the charter commissioners, only two were nominated and can come before the voters at the election in November.

This was due to the fact that only the two succeeded in obtaining the 8 per cent of the total vote, as required by law.

All of the men whose names were written in for board of education did not receive the necessary 8 per cent of the votes cast, and were not nominated.

Al Melvin, for president of council, Democrat ticket, and John Bishop for assessor in the third ward, were the only two who pulled through.

Numerous persons whose names were written in for various offices failed to obtain the nomination, and as a result must be nominated by petition if they expect to enter the general election as candidates.

SWISS DECLARE THAT THE KAISER MUST GO

Geneva, August 16.—"The Hohenzollerns and the Hapsburgs must go in order to have a durable peace in Europe," declared Jean Sigis, member of the Swiss National Council, chief of the Socialists in Geneva and one of the most influential members of his party in Switzerland, in an interview with the Associated Press correspondent.

"The hour of the Hohenzollerns and the Hapsburgs has sounded," he continued. "The tide of democracy which is sweeping across Europe will also sweep them away, not perhaps during the war, but soon afterward. Millions of men will not agree, will not allow in future, that their destinies, their lives, should be ruled by a handful of autocrats. In this sense the terrible war has wrought good; it has opened the eyes of the people. The Russian Emperor has gone, more Emperors will follow."

Mr. Sigis has the greatest faith in new Russia, if allowed to rebuild its own regeneration without foreign, especially German influence. He considers the Stockholm Conference more or less a farce owing to the divergent views of the socialist delegates from the different countries. He flouts the work at Petrograd of Robert Grimm, the Swiss Socialist, who endeavored to make peace between Germany and Russia, who he says never represented Swiss socialism and who acted like Hoffman on his own authority without consulting his colleagues.

TREATMENT FOR YOUNG OFFENDERS

Columbus, O., August 16.—The state of Ohio is preparing to take one of the most advanced steps in the matter of dealing with the proper disposition of juvenile delinquents of any state in the Union, and so far as known, of any country in the world.

To this end, the Ohio Board of Administration has, at the suggestion of Governor Cox, called to Columbus for a conference Dr. Henry H. Goddard of Vineland, N. J., the head of the juvenile research department in the state of New Jersey, a state that up to the present time has been further advanced than Ohio in this important work.

But under the plans adopted by the Board of Administration, and already approved by Governor Cox, and the action of the last legislature which made an appropriation of \$100,000 for a new building, Ohio is going a step farther, and within a very short time will be so situated that no other state can compare with the attention and study that will be given its juvenile delinquents.

TIMBER FOR AIRPLANES

Columbus, Aug. 16.—Struck by a Pennsylvania train, an unknown white man, about forty years old, was killed at the Hudson avenue crossing. Police removed the body to the morgue. A license tag receipt was the only identification mark, bearing the name John W. Robinson.

RED CROSS WAGES WAR ON MOSQUITOS

(By American Press)

Washington, 16.—The war council of the American Red Cross has appropriated \$10,000 to free the Columbia, S. C., cantonment and its immediate vicinity from malaria. Round the the Columbia cantonment will be erected a one-mile zone free from the only species of mosquito guilty as a carrier of malaria, the anopheles, a "field" mosquito, which breeds in marshes, pools and flowing streams. The plan of campaign includes draining off stagnant water, regrading creeks to keep the water in motion through an unobstructed channel, filling the streams and pools of the vicinity at frequent intervals, and conducting an educational campaign among the neighbors of the camp. This is supplemented by a systematic effort to cure malarial cases among the civil population and to insure the thorough screening of all houses.

An ingenious series of experiments shows that the malaria-carrying mosquito is not a great traveler. The cleaning up of a comparatively small encircling zone, for obviously the cleaning up of the camp itself is not enough, is, therefore, of infinite value in combating infection.

LITTLE CONFUSION AROUND CIRCUS

It's a far cry from the days when yells of "Hey, Rubel!" on a circus lot assembled razorbacks, roughnecks, tinkers, punks, drivers and performers for a "clem"—a battle with stakes.

IN SOCIAL CIRCLES

An old fashioned belling was given Wednesday night by neighbors for Mr. and Mrs. Wm. Frayne at the home of his parents, Mr. and Mrs. Thos. Frayne of near Cunningham.

Mr. and Mrs. Frayne have just returned from a week's wedding trip to Cleveland, Columbus and Buckeye Lake.

pins and fists against rowdies—to the present time when Sells-Floto shows "troupe" in three trains with far less uproar than there is on a home-seekers' excursion.

In the old days even the executives of a circus mixed in the "clem" and great was the carnage in plaid vests, celluloid collars and pop bottle "diamonds." Now a fight on the circus lot is no more likely than a fight at a chautauqua. A battery of typewriters is the most bellicose thing the executives see. Heavy fines make an occasional cuss word costly. The circus uses all its excess energy in getting the trains of heavy equipment over the road on time, loading, unloading, parading and giving two performances each day save Sunday.

And when Sells-Floto circus comes to Washington Court House on Tuesday, August 21, the man who is known as the pioneer of clean and courteous showmanship—H. B. Gentry of the dog and pony shows—comes with it. This time he comes as a big show pioneer, it is claimed, for he has injected just \$75,000 worth of novelty and laughter into the Sells-Floto performances and "ten blocks greater" parade, the "million dollar pageant," with its five bands, its five calliopes and its mounted girl bugle corps, to say nothing of section after section of colorful and striking surprises. All the circus sights one loves best will be there, and, in addition, there will be many that will delight with their freshness and originality.

These things the men ahead of the circus promise with the light of confidence in their eyes.

LOCAL BOARD HAS FINISHED WORK ON EXEMPTION CLAIMS

More Than One-third of Men Claiming Exemption Must Enter Military Training in Defense of Flag—Lists to Be Announced This Week.

Thirty-four men of the 98 claiming exemption in Fayette county will be certified over for military service, and these names will be announced Friday or Saturday of this week.

The total claims for exemption are 98 and the Local Board has gone over the claims thoroughly and picked out virtually all of the 34 men who will be certified over for military service. Everything has been taken into careful consideration by the Board, and wherever any doubt exists as to the claims made, inquiry was made to establish the truthfulness of such claim.

Of the original list of 52 not claiming exemption, rechecking established the fact that Ray Dice had claimed exemption, so he was placed in the list of those claiming exemption, and the list was reduced to 51, leaving a total of 34 to be chosen from the list of those claiming exemption in order to bring Fayette's quota up to the full 85 men.

The work of picking out the men was to be completed Thursday, and the lists will be announced either Friday or Saturday, and the men certified over for military service will then be instructed what steps to take.

MANY AUTOMOBILES IN HACK SERVICE

During the fair, quite a number of machines have been engaged in the taxi business. Wednesday was a poor day for the business however as there were comparatively few pedestrians at the fair.

Thursday morning thirty-five autos were carrying passengers to the fair with more machines being added.

Each machine has a number which is given free of charge by the police department. This is done to prevent outside competition and to make identification easy.

Not an accident of any kind was reported Wednesday as extra traffic precautions were taken. All west bound traffic used Clinton Avenue and east bound traffic used Leesburg Avenue, reducing chances of accident to the minimum.

OFFICER INSTRUCTING NAVAL MILITIAMEN

Although comparatively little is heard of the United States naval militia, these smart young amateur sailors, now enlisted in the federal service, will give good accounts of themselves if needed. They are enrolled mainly from the states of the two oceans seaboard and those bordering on the great lakes. Recently the naval militiamen have been undergoing intensive training for service on the vessels of the navy. An officer issuing orders while supported literally by some of his men is shown in the picture.

SAYS RUSSIANS CAN WORK IT OUT

(By American Press)

New York, Aug. 16.—Expressing confidence in the soundness of the character of the Russian people for self-government, Elihu Root, head of the special diplomatic mission to Russia, in two addresses here at the city's official reception to the mission, denounced the part played in that country during its time of peril by men corresponding to the I. W. W. here, the extreme Socialists and anarchists, with whom the German agents made common cause.

Colonel Theodore Roosevelt, who also spoke at the meetings, first at the city hall and then at the chamber of commerce, likewise declared that "organizations like the I. W. W. are criminally aiding German propaganda in this country," adding: "Let us make those who impose obstacles to the success of the war feel that they are unhelpful traitors."

Mr. Root received from the National Arts club a medal for "distinguished valor in the service of the United States." He said it was the duty of his mission to carry the message of faith in democracy to Russia and tell the Russians that there "is a strength in democracy that conquers all evil." "Gradually," he said, "the provisional government has gained confidence under Kerensky, that man of conviction, of personality, devoted to his cause to the last drop of his blood, who now rules the destiny of Russia, aided by men who are wise, prudent, sagacious men of affairs."

NO WORD RECEIVED FROM BALLOON CO.

The Kreisher Amusement Company of which Dan Kreisher is manager and who closed a contract for two balloon ascensions at the Fayette County Fair, had failed, up to Thursday morning, to notify the Fair Board concerning its plans for fulfilling the contract made, and the result that this feature could not be presented.

Chas. Stone, the man who was to have made the ascension here, was killed in a premature drop at Williamsport, on Tuesday, and Kreisher is alleged to have declared at that time that he would quit the business and never make another ascension.

It is claimed that the balloon which was being filled under the direction of Kreisher was sent up before properly inflated, and that when it was about 500 feet high it dropped down for some distance, and then started up again.

It is claimed that Stone, who appeared to be new at the work, lost his head and cut his parachute from the balloon and that the parachute did not have time to open before the man alighted in a corn field and was almost instantly killed.

Boys and Girls!

A seat in the big tent for YOU when the Sells-Floto Circus!

Comes to Town Tuesday, Aug. 21st
At the Expense of the Washington Herald

BOYS and GIRLS, you want to see the three big herds of Elephants, the Wild Animals, the fifty Clowns, "America," the sublime patriotic spectacle, and all the rest that goes with the "champion" — SELLS-FLOTO CIRCUS—which will be in Washington C. H., August 21. Any boy or girl in Fayette county can go at the expense of the Washington Herald.

Read Carefully How to Earn a Sells-Floto Circus Ticket

All that is necessary for you to earn a ticket to the Sells-Floto Circus, if you reside in Washington C. H., is to get one of your relatives, friends or neighbors who do not take The Washington Herald to subscribe for 12 weeks at ten cents a week. Collect from them in advance for the first four weeks. You will collect forty cents from each subscriber. The subscribers will pay the remainder of their subscription (eight weeks) to The Herald at ten cents per week.

Or if you live in Fayette county, outside of Washington C. H., get one subscriber to January 1st, 1918, collecting \$1.20, which will pay until that date.

The subscriptions must be NEW. Cut out the subscription blank, have it signed and bring it together with the cash payment to the Herald office before 5 p. m., Monday, August 20th, 1917. Take no subscriptions from children. This offer open to boys and girls in Washington C. H., Fayette county only.

The tickets will be good only for the afternoon performance and will not be honored at night. It will take you only a few minutes to get a subscription to The Herald. If your parents do not take this paper get them to subscribe. If they do, get others, your next door neighbor, or some relative or friend. They will be glad to help you.

If you have already planned to go to the circus one of these free tickets will give you more money to spend for peanuts, red lemonade or other things which add to the joy of circus day.

Subscriptions must be new and each city subscription must be paid four weeks in advance. Each county subscription must be paid to January 1st, 1918. Have the subscribers sign the blank. Do not write the names yourself. Subscriptions must reach The Herald office by 5 p. m., Monday, August 20th.

COUPON FOR CITY BOY OR GIRL.

THE WASHINGTON HERALD: 1917

I hereby subscribe and promise to pay for THE WASHINGTON HERALD for at least 12 weeks at ten cents per week. I am paying forty cents in advance for the first four weeks of my subscription and will pay the remainder of the period weekly to carrier until eight weekly payments have been made.

This subscription is given to enable the boy or girl by whom this blank is presented to earn a ticket to the afternoon performance of the SELLS-FLOTO CIRCUS, August 21.

You will deliver the regular Home Edition.

I am a NEW subscriber and am not now receiving The Herald.

COMMITTEE ASKS MORE ASSISTANCE

Wednesday and Friday of each week the Red Cross Workshops are thrown open and a number of women are conscientiously devoting their time to the great amount of work to be done.

However, more assistance is needed and the committee in charge urges that more women of the city donate their services and assume the responsibility which rests upon all, and which seems brought in closer touch with home circles with the recent departure of company M. A few hours work each week is much appreciated.

Working hours at work shops each Wednesday and Friday 8:30 to 11:00 a. m. and 2 to 5 p. m.

Red Cross Ball Game should be used in every home. Ask your grocer. Large package 5 cents.

TRAINS ARE READY
FOR OHIO TROOPS

Columbus, O., August 15.—(Special)—Trains are being held in readiness at all the big railroad centers for the movement of Ohio troops to Alabama, and while it is expected that some of the troops will be moved within a few days their departure will not be advertised. At the State Fair grounds more than 2500 men are in camp. But the first of them will leave this week, and others will leave within ten days. Then the work of putting the grounds in shape for the annual State Fair to be held August 27-31 will begin. It will need every bit of available room for the many exhibits which will be on the grounds this year, and information from Washington is to the effect that all the troops will be gone from Columbus long before the grounds are needed. Other Ohio troops will leave about the same time, and by the middle of August every member of the Ohio guard, now in the federal service should be in the Alabama camp. It will take at least two weeks to complete the transportation of Ohio troops under the present movement plans. How long the boys will be in Alabama, no one knows for a certainty but judging from movements of troops in the past, it would not be surprising to see them all enroute to foreign shores long before the end of the present year, where the final touches on their training will take place.

BRITISH MONITORS
TAKE ACTIVE PART

(Associated Press Cable.)
 Grado, Gulf of Tiritsea, August 15.—British monitors played an important part in the Italian advance upon Trieste. They took up positions midway up the gulf where their guns could bear upon the aeroplane hangars and the multifarious military establishments which surround Presecco and Contovello, twin villages upon the main road and railway to Trieste, both constituting important depots for the Austrian air service and general supplies.

When the first gun spoke a great shell went hurtling into the distance and an Italian scouting hydroplane duly marked it down upon the railway line south of Presecco. The second shot landed a little north of the first, hitting the railway again at a point where a Trieste bound train was passing. The train vanished in ruin.

Then other monitors arrived at their stations, and the bombardment continued in a tremendous, measured rhythm. Each monitor fired two hours. They smashed the hangars, flattened the railway station of Presecco, destroyed the railway and viaduct, and produced a great fire near Contovello, whose peak of bright flame was visible out into the gulf.

ALLIES PLANNING
TO EXCHANGE VIEWS

(By American Press)
 Washington, Aug. 15.—Conferences among entente diplomats crystallized into conviction the opinion here that Pope Benedict's peace move is not likely to change in any substantial degree the attitude either of the allies or the American government.

It is agreed that there must be made a response to the pope's proposal far more comprehensive than a mere acknowledgment of receipt. To do this without opening the field to argument which might result in developing differences between the allies is realized to be a difficult and delicate undertaking.

On the other hand, some consideration is being given to the suggestion that the pontiff has given President Wilson a golden opportunity to again impress upon the American people and the world in the most convincing fashion the rectitude of his position in recommending to congress the declaration of a state of war with Germany.

Secretary Lansing is reserving an expression of opinion until he has the official text of the pope's message. Experience has taught him that often traps are concealed in diplomatic communications that are not visible in an abstract. While there is no disposition to question the good faith of the pope, it is conceivable that he might have been imposed upon by German cunning, assuming that he has been induced to take this step through the pleas of the strong Catholic elements in Austria and Bavaria.

The official text has not reached Washington, but that fact did not prevent various diplomatic conferences on the subject. Mr. Lansing talked separately with Ambassador Jusserand of France and Colville Barclay, charge of the British embassy in the absence of Ambassador Spring-Rice.

These talks may be regarded as preliminary to the more formal exchanges expected to take place among the allied powers before answers are returned to the vatican proposals, and it is understood they are designed to place the foreign offices in London and Paris in possession of the general views of Secretary Lansing as a basis for their own action. Ambassador Riano of Spain also talked with the secretary, who afterward indicated that he thought the pope's message might reach him through that channel.

In anticipation of an outburst of peace talk at the capitol, plans were made by senate leaders, both Democratic and Republican, to prevent open discussion of the subject in the senate. They propose to force executive sessions and close the doors upon the beginning of any senator of an address bearing on peace negotiations or the general subject of peace.

Senators of the so-called pacifist group are expected to oppose the secret session program. The leaders, however, are prepared to base their action upon the ground that such discussion would relate to treaties, including a possible peace treaty, and therefore, as is usual in all such matters, should be carried on behind closed doors.

Those who expect President Wilson to make his reply to the pope the occasion for a restatement of American reasons for going to war think something of the same kind may be done in London, Paris and Rome to meet Socialist unrest, with the purpose of directing the activities of Socialists into proper channels rather than trying to suppress them by force.

SWISS ARRIVE

MAMMOTH CROWD
HEARS CONCERT

A crowd of about 3,000 persons assembled for the band concert given on the street at the intersection of Court and Main streets, Wednesday night, scores of persons remaining in the city after the fair in order to enjoy the splendid music furnished by the Whelpley Band.

It was one of the most thoroughly enjoyed of the series of concerts and fully appreciated by the big audience of music lovers in attendance.

U-BOAT TOLL
DECREASING

(By American Press)
 London, Aug. 16.—The admiralty's weekly statement shows a falling off in British tonnage sunk last week by mines or submarines.

Fourteen vessels of 1,600 tons and over were sent to the bottom, as against twenty-one the previous week. Two vessels of less than 1,600 tons were sunk last week, the same number reported the previous week. Three fishing boats met with disaster last week, and thirteen British merchantmen were unsuccessfully attacked.

Lens again is the center of the fighting on the western front. The Canadians have taken Hill 70, dominating the city from the north, and are within the city itself, engaging at close quarters, after advancing on a two mile front to an extreme depth of one mile.

For several weeks the Canadians slowly have been closing their lines in on the west, northwest and south west in preparation for a supreme effort to place this center of the coal fields of the Pas de Calais in their possession. Hill 70, just east of Loos and north of Lens, was the great stumbling block. The Canadians stormed the hill. The splendid effort was successful, and within a few hours the important position was cleared of Germans. The Germans tried desperately to check the Canadian advance, but five counter attacks were in vain.

In Flanders the intense artillery fighting goes on with undiminished vigor. The infantry has been more active, but except for the French, is engaged only in raids. On the Dixmude road northwest of Bixchoote the French pushed forward and succeeded in realizing considerable progress.

Fighting in southwest Moldavia apparently is lessening in intensity. In the mountains the Russians and Roumanians have given up a height west of Oama to the Austro-Germans. In the Putna valley and toward the lip of the Serech, Berlin reports Field Marshal Von Mackensen has made some progress, capturing the town of Stracani. Three thousand prisoners, guns and machine guns have been captured by the Austro-Germans in the Moldavian theater.

AMERICANS FORCED
INTO GERMAN ARMY

(By American Press)
 Washington, Aug. 16.—Reports of American citizens impressed into the German armies and recurring protests against the drafting of partly naturalized foreigners in this country are presenting some difficult problems for the government's international law experts.

It became known that an official inquiry had been begun at Berlin by the Spanish ambassador into stories that Germany is forcing into military service those of German parentage and birth regardless of their claims to American citizenship. It is admitted that even should the report prove true there is little this government could do except retaliate. The idea of retaliatory methods is repugnant, but officials are withholding a decision.

How many Americans might be affected is not known here, but there are believed to be in Germany less than 100 men of unquestioned American citizenship.

IMPORTANT RULING
BY GERMAN COURTS

Copenhagen, August 16.—(Correspondent of The Associated Press)—The German Imperial Supreme Court in giving its decision at Berlin that war is no cause for dismissal from service, sustained a suit brought by an employee who had been summarily dismissed in September, 1914, on the ground that war did not permit the continuance of business in foreign countries.

In rejecting the ruling of the lower court, the highest tribunal declared that, while war shut off intercourse with warring countries, the firm still had neutral states to operate in which made obligations to their employees binding.

A war correspondent says that the Italians hold the key to Trieste. They appear, however, to be experiencing some difficulty in locating the key-hole.—Nashville Southern Lumberman.

SUFFRAGISTS EGGED
BY INFURIATED CROWD

Washington, August 14.—A United States flag flown from Cameron House, headquarters of the picketing suffragettes, was torn from its staff today, while a jeering, derisive crowd threw eggs at women on balconies, taunted them with cries of "Treason" and "Sedition" and stripped from the front of the building banners bearing the legend "Kaiser Wilson."

Sailors in uniform mounted a ladder to a balcony and struggled with women for possession of the banners. Elderly women came from inside of the house to snatch the sailors' caps while others, pugnacious, glapped and bit the navy lads.
